

The UL EduNeering Difference

A Company Founded on the Principle of Compliance and a Solution Chosen by Global Industry Leaders

For over 30 years, UL EduNeering has provided solutions to many of the world's leading Life Science companies.

- Partnership and solution chosen by the FDA, used to train over 36,000 investigators globally.
- Enterprise-wide compliance management solution used by large companies such as Johnson & Johnson, Stryker and Teva as well as dozens of emerging Pharmaceutical, Biomedical and Medical Device companies.
- Established network of industry leading partners, including AdvaMed.
- Global consulting programs led by industry experts and focused on systems governance, market entry, risk management, training matrix development and others.
- Global support with UL offices located in the US, EMEA and Asia Pacific.
- Over 400 customers/1 million learners in 50 countries.

A Powerful Combination of Technology, Content and Services

Our comprehensive compliance management approach integrates technology, content and professional services, designed specifically for the Life Science industry.

- ComplianceWire - a cloud-based platform designed to meet 21 CFR Part 11 and Annex 11 requirements.
- SaaS/Cloud Delivery – minimal IT involvement – software updates at no additional cost, supports third party training.
- Readily integrates with critical compliance and business systems including EDMS, HRIS & MES.
- LMS features SOP tracking, performance assessment, learning assessment and OJT management.
- 500+ off-the-shelf computer-based training modules, including over 125 authored or reviewed by the FDA.
- 200+ Instructor-led classes available globally.
- In-house expertise for content development: 5,000+ custom courses.
- Over 1 million users annually with content available in 34 languages.

About UL EduNeering

UL EduNeering is a division within the UL Ventures business unit. UL is a premier global independent safety science company that has championed progress for 120 years. Its more than 10,000 professionals are guided by the UL mission to promote safe working and living environments for all people.

UL EduNeering develops technology-driven solutions to help organizations mitigate risks, improve business performance and establish qualification and training programs through a proprietary, cloud-based platform, ComplianceWire®. In addition, UL offers a talent management suite that provides companies the ability to improve workforce skills & competencies within established role-based talent training programs to drive business performance.

For more than 30 years, UL has served corporate and government customers in the Life Science, Health Care, Energy and Industrial sectors. Our global quality and compliance management approach integrates ComplianceWire, training content and advisory services, enabling clients to align learning strategies with their quality and compliance objectives.

Since 1999, under a unique partnership with the FDA's Office of Regulatory Affairs (ORA), UL has provided the online training, documentation tracking and 21 CFR Part 11-validated platform for ORA-U, the FDA's virtual university.
